

Ducks Cry "FOWL!"

New Tohatsu 20hp Camouflage 4-Stroke Blind Sides Ducks!

The Sportsman's Edition is an exciting combination of outboard reliability & camouflage effectiveness. Featuring digitally reproduced images of the exact types of cover found across the flyway marshes & wetlands, Mossy Oak Duck Blind® is easily the most diverse waterfowl pattern available & is the uniform for hard core water fowlers everywhere.

The Tohatsu 20hp 4-stroke outboard, known for light weight, quiet & powerful performance, is the perfect match for Duck Blind. Not a decal, the outboard is coated with a special paint dipping process that bonds the design to the motor. Autumn brown lower unit & brackets add to your ability to blend into any waterfowl environment.

For more information & to see the new Sportsman's Edition please visit the Tohatsu dealer nearest you.
